

A PROJECT OF THE AUSTRALIAN YOUTH CLIMATE COALITION

# WHAT IS POWER SHIFT 2009 ALL ABOUT?

Power Shift 2009 is Australia's first national youth summit to solve the climate crisis. Thousands of young people aged 14 - 28 from every State & Territory will come together for the largest youth conference on climate change ever held in Australia! Leaders of our generation will share ideas, learn new skills, make connections, and establish a national voice for our generation.

# WHY SHOULD YOU ATTEND?

Because the Power Shift starts with you!

Climate change is THE challenge of our generation. We're building a movement of youth who care and it's getting stronger every day. Power Shift is where we all come together.

At Power Shift you'll have the chance to:

- Meet thousand of other young people taking action on climate change
- Show our Federal Government that our generation is turning into a powerful force demanding green jobs, renewable energy and a safe climate future.
- Attend workshops and learn how to take the next step to being an effective climate champion
- Hear from incredible speakers including Jim Flannery, youth leaders from Australia, India & the Pacific Islands
- Check out the eco-fashion show
- Come to the concert and actions
- Learn about the new green economy at the first ever youth-run green jobs fair
